

APPENDIX 1. NOTIFICATION TEMPLATE

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Este informe contiene informacion muy importante sobre su agua potable. Por favor hable con alguien que lo pueda traducir.

Daim ntawv qhia no tseem ceeb heev txog koj cov dej haus. Thov nrog ib tug neeg uas yuav txhais tau nws.

Bacteriological Monitoring Requirements Not Met for YMCA Camp Sequoia Gaines During First Quarter of 2022
--

Our water system recently violated a drinking water standard. Although this is not an emergency, as our customers, you have a right to know what happened, what you should do, and what we did to correct the situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During first quarter of 2022, we did not meet all monitoring requirements for coliform bacteria and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

- You do not need to boil your water or take other corrective actions.
- The table below lists the contaminant we did not properly test for during first quarter of 2022 and how many samples we are required to take and how often, how many samples we took, when samples should have been taken, and the date on which follow-up samples will be taken.

Contaminant	Required sampling frequency	Number of samples taken	When all samples should have been taken	When samples will be taken
Coliform bacteria	One sample per quarter	0	First quarter of 2022	4/14/2022 5/10/2022 6/14/2022 7/5/2022 8/9/2022

- If you have health issues concerning the consumption of this water, you may wish to consult your doctor.

What happened? What is being done? [We were unable to access the water system due to weather conditions](#)

Description of corrective action: [The water system has moved to a seasonal transient system](#)

We anticipate resolving the problem within the estimated time frame: [This problem has been resolved](#)
