

Camp Activities Guide

Archery

Challenge yourself to learn a new skill. Archery gives you the chance to set and achieve new goals as you learn about different bows or increase the target distance and size.

Outdoor Living Skills

A fun time is guaranteed learning more about the world around us as well as doing traditional camp activities like shelter building, camouflage, and fire building!

Arts & Crafts

Get in touch with your creative side in the craft shop! Learn new crafting techniques and bring something handmade home to show your friends and family.

Field Games

Teambuilding

Team building is an integral part of what we do at camp! Each cabin spends time working together to form their own tight knit cabin group.

Waterfront

What would camp be without swimming? During the first day of camp each camper is swim tested and placed into one of two groups. Beginners are required to wear a lifejacket at all times when in the lake, Advanced swimwear may swim without a lifejacket. - All Swimmers must swim with a buddy.

Boating

With a variety of watercraft options, you'll never be bored at the waterfront! Head out onto the Lake, in a kayak or on a paddleboard.

Mystery Trail

Likened to an outdoor escape room, this activity gives you the opportunity to explore camp while solving puzzles.

Hiking

With over 600 acres, the camp has an abundance of hiking trails for all ages and abilities. Campers will get the opportunity to go on a group appropriate hike and explore the trails, vistas and waterfalls.

Adventure

- *RockWall* - Our rock wall stands 40ft tall and gives campers the chance to challenge themselves as they climb to new heights.

- *Giants Ladder* - This multi person challenge requires trust, support and communication. Two / four people ascend the rungs of a giant ladder made of logs. The rungs get further and further apart making the challenge increase in difficulty as the height increases. Reach the top only by working together.

Slingshots

Fishing

Creek Walk

Explore the exciting ecosystem of our Sequoia River. This activity takes campers through the river getting to explore first hand the unique life and plants that live in the river. Open to most ages who can swim, water gets up to 3.4 ft deep.
