Upcoming Development

Renovations to the Sequoia dining hall are underway, with a total project cost of \$53,000. Our remodel includes elastomeric solid flooring in the serving area and carpet tiles in the dining space. There will also be the installment of an ice machine and a water bottle filling station to enhance the coffee and tea bar—all with new cabinetry and a juice bar. The project also involves new electrical circuits to power a commercial buffet line, breakfast bar, and the camper fridges, to create a better camp experience. Your contribution to this exciting transformation would make a lasting impact.

CONTINUING OUR VISION

As we approach the end of the year and enter the season of giving, we invite you to continue supporting our efforts. Each donation helps bring us closer to completing further renovations and enhancing more of the amenities that make camp such a special place. Together, we can create lasting improvements that campers, families, and friends will enjoy for years to come. Thank you for your ongoing support!
